

O/G

October 1st. 1902.

Eldridge R. Johnson Esq.
Camden, J.J.

Dear Johnson,

I am asking Mr. Clark to see you to make enquiries in relation to the New Duplicating Process. I have told him to ask you all about its method and work. Whether it has been satisfactory during the last month, and in general to take the advantage of your month's experience and in the event of your deciding to continue to do the duplicating in this manner, will you kindly give Mr. Clark two or three days of close work at it under whomsoever you may see fit to put him. I should think, however, it would be best to absolutely let him enter into it at the place where you are doing it regularly for practical results.

Thanking you very much for attending to this matter, I beg to remain

Yours truly,

[William B. Owen; GBN note]
